In February-March 2017 the Info Days of the IDEANNOVASHIP project took place all around Europe. IDEANNOVASHIP is funded by the Erasmus+ programme KA2 Strategic Partnerships for Youth. The project involves six partners from six different countries including the Centre for Creative Development Danilo Dolci for Italy. The other partners are: the National Association of Municipal Clerks in Bulgaria (coordinator) from Bulgaria, GEA College – Fakulteta za podjetnistvo (Slovenia), IBOX CREATE (Spain), Antalya International University (Turkey) and University of Thessaly (Greece). On the

10th and 21st of March, GEA College, IDEANNOVASHIP partner for Slovenia, organised two Info days for disseminating the project results at the Department of Entrepreneurship in Ljubljana. IDEANNOVASHIP Info Day in Greece was held at the University of Thessaly in Volos on the 20th of February. On the 24th February 2017 the Spanish multiplier event of the project was held in Valencia. The Italian multiplier event of project was held last February 17th in Palermo. The Bulgarian multiplier event of the project was held on the 14th of February 2017 in Sofia.

During the Info Days, the partners presented the first

two intellectual outputs of the project in all partner countries. To get full information on all the project Info Days please check the official website www.ideannovaship.eu.

Next meeting will be in Volos (Greece) from the 19th to the 24th of June 2017. In Greece a pilot “Ideate Camp” will be conducted in 5 days with 18 young people coming from all partners’ countries (3 per country) to pilot the IDEANNOVASHIP camps.

The intellectual outputs of the project are ready for download

The IDEANNOVASHIP consortium finalised the first two intellectual outputs of the project. The first one is the innovative Facilitator Training Programme on Social Entrepreneurship (FTP-SE). The training programme will develop the capacities of youth workers as facilitators for the ideation camps and youth workers will be trained on social entrepreneurship thanks to this new method which relies on informal learning techniques, Project Cycle management and Business Model Canvas. The second output of the project is a Guide for Organizing IDEANNOVASHIP Camps. It is a very useful tool for youth workers training as the guide gives practical information and tips to perform a IDEATION camp. Both outputs are available for download in the "[Resources](#)" section of the official web site www.ideannovaship.eu.

Results foreseen by the project

- Guideline for organizing "Innovative Ideation Camps"
- 2 trainers selected by each partner organisation will be trained by the experts from partner organisations as facilitators on the methodology to develop these IDEANNOVASHIP Camps for youth. At the end of the training programme, the 10 workers will be able to organise and facilitate ideation camps for young people in their countries.
- Pilot Innovative Ideation Camp: During five days a pilot "Ideate Camp" will be conducted with eighteen young people coming from the six partner countries
